HEALTH BENEFITS OFFICER INFORMATION BULLETIN NO. 4

1963 OPEN SEASON--AGENCY REQUIREMENTS FOR HEALTH BENEFITS BROCHURES

The purpose of this letter is to determine the quantity of brochures and other instructional material which your agency will need for distribution to employees for the coming open season in October (and for six months thereafter) and the points to which you want the material shipped. The materials will be supplied by the Commission without cost to your agency.

Please complete the attached order blanks in duplicate for each of the receiving points to which you wish to have materials shipped, and return them to the Bureau of Retirement and Insurance, U. S. Civil Service Commission, by July 8 at the latest. It is urgent that we get this information no later than that date. Be sure to show the name and address to which the materials are to be shipped. (If you need more order blanks call Art Greene, DUDley 6-3334, Code 129, Extension 3334).

If the quantities you ordered for the 1961 open season will meet your needs for the 1963 open season, as estimated on the basis of the guides given below, you need not complete new order blanks but tell us (by phone- Code 129, Extension 3334) to repeat your previous order. However, if the quantities are the same but a receiving point has changed, please complete new order blanks.

Estimating Requirements

1. Revised brochures are being prepared for all plans. The brochures will be on yellow paper to distinguish them from the present green brochures which will become obsolete after November 1. The green brochures should not be used for open season distribution or thereafter.

2. Open season distribution to employees will be the same as it was for the open season in 1961, as follows:

(a) Every eligible employee must receive:

- . Open Season Instructions (BRI 41-117)
- . Brochures for the two Government-wide plans (BRI 41-24 and BRI 41-25)

Your requirements for the BRI 41-117 and the Government-wide brochures should be based on the total number of eligible employees in your agency.

- (b) Comprehensive Medical Plans -- Every eligible employee located in an area served by a comprehensive medical plan must receive a brochure for each such plan. To estimate your requirements, determine the number of employees you have in the areas served by each of these plans. (See each comprehensive plan brochure for the area it serves. NOTE: Physicians and Surgeons Association (BRI 41-50) will curtail its area to the California counties of Los Angeles, Orange, and San Diego.)
- (c) Employee Organization Plans -- The Commission will mail brochures to the members of each organization but every employing office must have on hand a stock of brochures of each employee organization plan which employees of the agency are eligible to join. These brochures must be given to individual employees at their request.

Every employing office should have on hand sufficient brochures to meet anticipated employees' requests for the following plans in which membership is open to all Federal employees:

AFGE Health Benefit Plan\* (BRI 41-26)  
 Federal Postal Hospital Association Benefit Plan\*\* (BRI 41-48)  
 NALC Health Benefit Plan\*\*\* (BRI 41-51)  
 National Postal Union Benefit Plan\*\*\* (BRI 41-57)

---

\* Open to all employees except those in the Postal Field Service  
 \*\* Open to all employees  
 \*\*\* Open to all employees on an associate member basis

Past experience should help in assessing your needs for these four brochures. Unless your experience shows otherwise, we recommend that you order sufficient number of these brochures to give your installations a supply of each equal to about 10% of the number of its employees.

3. In completing the order form, add to the estimates you arrive at in accordance with paragraph 2 above, sufficient additional brochures to meet agency needs for employees entering on duty during the 6-month period following the open season.

Thank you for your cooperation on this matter. We will keep you informed as plans for the open season are firmed up.

Sincerely yours,

*Andrew E. Ruddock*
